NOTICE OF PRIVACY PRACTICES

Effective Date: Sept 22, 2013

THIS NOTICE DESCRIBES HOW PROTECTED HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We respect our legal obligation to keep health information that identifies you private. We are obligated by law to give you notice of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS

The most common reason why we use or disclose your health information is for treatment, payment, or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; testing or examining your eyes; prescribing glasses, contact lenses, or eye medications and faxing them to be filled; showing you low vision aids; referring you to another doctor or clinic for eye care or low vision aids or services; or getting copies of your health information from another professional that you may have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or vision care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" means those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: financial or billing audits; internal quality assurance; personnel decisions; participation in managed care plans; defense of legal matters; and business planning.

We routinely use your health information inside our office for these purposes without any special permission. We also share your information with other health care providers, insurers, and administrative entities when necessary in order to provide appropriate treatment, secure payment, or carry out administrative functions. We ask for your consent to the disclosure of your health information for the purposes of treatment, payment and health care operations by signing the "Acknowledgement of Receipt and General Consent" form. If you have paid out-of-pocket for your care, you can request we not disclose information about that care unless for treatment purposes or in the rare event the disclosure is required by law.

USES AND DISCLOSURES FOR OTHER REASONS

The law also allows or requires us to use or disclose your health information without a specific authorization for other reasons. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- when a state or federal law mandates that certain health information be reported for a specific purpose;
- for public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the Food and Drug Administration regarding drugs or medical devices
- to governmental authorities about victims of suspected abuse, neglect or domestic violence;
- for health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws;
- for judicial and administrative proceedings; such as in response to subpoenas or orders of courts or administrative agencies;
- for law enforcement purposes, such as to provide information about someone who is or who is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- to a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial; or to organizations that handle organ or tissue donations;

- for health related research, subject to the approval of the privacy board, which must follow a special approval process;
- to prevent a serious threat to health or safety;
- for specialized government functions, such as for the protection of the president or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- for purposes of worker's compensation programs;
- disclosures of a "limited data set" for research, public health, or health care operations;
- incidental disclosures that are an unavoidable by-product of permitted uses or disclosures;
- disclosures to "business associates" who perform health care operations for us and who commit to respect the privacy of your health information;

Unless you object, we will also share relevant information about your care with your family or friends who are helping you with your eye care.

Relevant disclosures can be made to families of deceased patients under essentially the same circumstances such disclosures were permitted when the patient was alive; that is, when these individuals were involved in providing care or payment for care unless express wishes to the contrary are known.

We ask that you consent to the disclosure of your health information for the reasons listed above by signing the "Acknowledge of Receipt and General Consent" form.

APPOINTMENT REMINDERS

We may call or write to remind you of scheduled appointments, or that it is time to make a routine appointment. We may also call or write to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we may mail you an appointment reminder on a post card, and/or leave you a reminder message on your home answering machine or with someone who answers your phone if you are not home.

OTHER USES AND DISCLOSURES

We will not make any other uses or disclosures of your health information unless you sign a specific "authorization form". While the Acknowledgement of Receipt and General Consent form contains general language allowing us to use and disclose your health information for treatment, payment, health care operation and other purposes permitted by law, the authorization form more specifically describes the purpose of the use or disclosure, the nature of the information that will be used or disclosed and the persons or groups of persons to whom the information will be made available. The content of an "authorization form" is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes, you may initiate the process if it's your idea for us to send your information to someone else. Typically, in this situation you will give us a properly completed authorization form, or you can use one of ours.

If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing and sent to the office of Dr. Jack Devore.

We are prohibited from disclosing your Protected Health Information for marketing purposes and from any disclosures that constitute a sale of your information.

HIV-RELATED INFORMATION AND INFORMATION CONCERNING ALCOHOL AND SUBSTANCE ABUSE SERVICES

New York State law includes special protections for HIV-related information. We will not disclose information concerning your HIV status or HIV testing without a specific written authorization, except under certain circumstances in which such a disclosure is authorized or required by law. For example, we would be permitted to disclose such information to certain agents or employees of your health care providers that are authorized to obtain such information for treatment or payment purposes, to health care facility staff committees and health care facility accreditation or oversight organizations, to a public health officer when mandated by law, to your health insurer or vision plan for purposes of securing reimbursement if we obtained your general consent to such disclosures, pursuant to a court order and certain other purposes.

Health information possessed by federally-supported alcohol and substance abuse treatment programs is also subject to special protections under federal law. If we receive information about you from one of these programs, we will not re-disclose it without your specific written authorization, except under circumstances in which such a disclosure is authorized or required by law, such as to medical personnel who need this information for the purpose of providing you with emergency treatment, to the Food and Drug Administration for the purpose of identifying potentially dangerous products, for research purposes if approved by our privacy board, to authorized persons conducting on-site audits of our records, subject to the requirement that these persons not remove the information from our facilities and agree in writing to safeguard the information; and in response to an appropriate court order.

YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION

The law gives you many rights regarding your health information. You have the right to:

- ask us to restrict our uses and disclosures for purposes of treatment (except emergency treatment), payment or health care operations. We do not have to agree to do this, but if we agree, we must honor the restrictions that you want. To ask for a restriction, send, fax or email a written request to the office of Dr. Jack Devore.
- ask us to communicate with you in confidential way, such as by phoning you at work rather than at home, by mailing health information to a different address, or by using email to your personal email address. We will accommodate these requests if they are reasonable, and if you pay us for any extra cost. If you want to ask for confidential communications, send, fax or email the office of Dr. Devore.
- ask to see or to get photocopies of your health information. If your health information is maintained in an electronic format (known as an electronic medical record) you have the right to request that an electronic copy of your record be given to you or transmitted to another individual or entity. By law, there are a few limited situation in which we can refuse to permit access or copying. For the most part, however, you will be able to review your records within 10 days and receive a copy within a reasonable time or have a copy of your health information within 10 days. You are also specifically entitled to obtain copies of you eyeglass or contact lens prescription upon your request. You may have to pay for photocopies in advance. If we deny your request, we will send you a written explanation, and instructions about how to get an impartial review of our denial if one is legally available. If you want to review or get photocopies of your health information, send, fax or email a written request to the office of Dr. Jack Devore.
- ask us to amend your health information if you think that it is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and others that you specify. If we do not agree you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or our rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30 day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send, fax or email a written request including your reasons for the amendment to the office of Dr. Jack Devore.

- get a list of the disclosures that we have made of your health information within the past six years (or a shorter period if you want). By law, the list will not include: disclosures for purposes of treatment, payment or health care operations; disclosures with your authorization; incidental disclosures; disclosures required by law; and some other limited disclosures. You are entitled to one such list per year without charge. If you want more frequent lists, you will have to pay for them in advance. We will usually respond to your request within 60 days of receiving it, but by law we can have one 30 day extension of time if we notify you of the extension in writing. If you want a list, send, fax or email a written request to the office of Dr. Jack Devore.
- be notified upon a breach of any of your unsecured Protected Health Information.
- get additional paper copies of this Notice of Privacy Practices upon request. It does not matter whether you got one electronically or in paper form already. If you want additional paper copies, send, fax or email a written request to the office of Dr. Jack Devore.

OUR NOTICE OF PRIVACY PRACTICES

By law, we must abide by the terms of this Notice of Privacy Practices until we choose to change it. We reserve the right to change this notice at any time as allowed by law. If we change this Notice, the new privacy practices will apply to your health information that we already have as well as to such information that we may generate in the future. If we change our Notice of Privacy Practices, we will post the new notice in our office, have copies available in our office, and post it on our website.

COMPLAINTS

If you think that we have not properly respected the privacy of your health information, you are free to complain to us or the U.S. Department of Health and Human Services, Office for Civil Rights. We will not retaliate against you if you make a complaint. If you want to complain to us, send, fax or email a written complaint to the office of Dr. Jack Devore. If you prefer, you can discuss your complaint in person or by phone.

FOR MORE INFORMATION

If you want more information about our privacy practices, call or visit the office of Dr. Jack Devore.
